23 entities for whose conduct Defendants are not legally responsible and the independent

25 independent causes, constitute an intervening and superseding cause of Plaintiff's alleged  
26 damages.

1           20. To the extent that injuries and damages sustained by Plaintiff, as alleged in  
2 Plaintiff's Complaint, were caused directly, solely, and proximately by sensitivities, medical

4 unknown, unknowable, or not reasonably foreseeable to Defendants.

5           21. Defendants believe, and upon that ground allege, that Plaintiff was advised of  
6 the risks associated with the matters alleged in Plaintiff's Complaint and knowingly and  
7 voluntarily assumed them. Pursuant to the doctrine of assumption of the risk, informed  
8 consent, release, waiver, or comparative fault, this conduct bars in whole or in part the  
9 damages that Plaintiff seeks to recover herein.

10           22. At all relevant times during which the device at issue was designed, developed,  
11 manufactured, and sold, the device was reasonably safe and reasonably fit for its intended  
12 use, was not defective or unreasonably dangerous, and was accompanied by proper warnings,  
13 information, and instructions, all pursuant to generally recognized prevailing industry  
14 standards and state-of-the-art in existence at the time.

15           23. Plaintiff's claims are barred because Plaintiff suffered no injury or damages as a  
16 result of the alleged conduct and do not have any right, standing, or competency to maintain  
17 claims for damages or other relief.

18           24. Plaintiff's claims are barred, in whole or in part, by the doctrines of waiver,  
19 estoppel, and/or laches.

20           25. If Plaintiff suffered any damages or injuries, which is denied, Defendants state  
21 that Plaintiff's recovery is barred, in whole or in part, or subject to reduction, under the  
22 doctrines of contributory and/or comparative negligence.

23           26. In the further alternative, and only in the event that it is determined that  
24 Plaintiff is entitled to recover against Defendants, recovery should be reduced in proportion to  
25 the degree or percentage of negligence, fault or exposure to products attributable to Plaintiff,  
26 any other defendants, third-party defendants, or other persons, including any party immune  
27  
28

1 because bankruptcy renders them immune from further litigation, as well as any party, co-  
2 defendant, or non-parties with whom Plaintiff has settled or may settle in the future.

3 27. Should Defendants be held liable to Plaintiff, which liability is specifically  
4 denied, Defendants would be entitled to a setoff for the total of all amounts paid to Plaintiff  
5 from all collateral sources.

6 28. Plaintiff's claims may be barred, in whole or in part, from seeking recovery  
7 against Defendants pursuant to the doctrines of res judicata, collateral estoppel, release of  
8 claims, and the prohibition on double recovery for the same injury.

9 29. The injuries and damages allegedly sustained by Plaintiff may be due to the  
10 operation of nature or idiosyncratic reaction(s) and/or pre-existing condition(s) in Plaintiff  
11 over which Defendants had no control.

12 30. The conduct of Defendants and all activities with respect to the subject product  
13 have been and are under the supervision of the Federal Food and Drug Administration  
14 ("FDA"). Accordingly, this action, including any claims for monetary and/or injunctive relief,  
15 is barred by the doctrine of primary jurisdiction and exhaustion of administrative remedies.

16 31. Defendants assert any and all defenses, claims, credits, offsets, or remedies  
17 provided by the Restatements (Second and Third) of Torts and reserve the right to amend  
18 their Answer to file such further pleadings as are necessary to preserve and assert such  
19 defenses, claims, credits, offsets, or remedies.

20 32. The device at issue complied with any applicable product safety statute or  
21 administrative regulation, and therefore Plaintiff's defective design and warnings-based  
22 claims are barred under the Restatement (Third) of Torts: Products Liability § 4, *et seq.* and  
23 comments thereto.

24 33. Plaintiff cannot show that any reasonable alternative design would have  
25 rendered the inferior vena cava filter as alleged in Plaintiff's Complaint to be safer overall  
26 under the Restatement (Third) of Product Liability § 2, cmt. f, nor could Defendants have  
27 known of any alternative design that may be identified by Plaintiff.  
28

1           34. The device at issue was not sold in a defective condition unreasonably  
2 dangerous to the user or consumer, and therefore Plaintiff's claims are barred under the  
3 Restatement (Second) of Torts: Products Liability § 402A and comments thereto, and  
4 comparable provisions of the Restatement (Third) of Torts (Products Liability).

5           35. At all relevant times during which the device at issue was designed, developed,  
6 manufactured, and sold, the device was reasonably safe and reasonably fit for its intended  
7 use, was not defective or unreasonably dangerous, and was accompanied by proper warnings,  
8 information, and instructions, all pursuant to generally recognized prevailing industry  
9 standards and state-of-the-art in existence at the time.

10           36. Defendants specifically plead all affirmative defenses under the Uniform  
11 Commercial Code ("UCC") now existing or which may arise in the future, including those  
12 defenses provided by UCC §§ 2-607 and 2-709.

13           37. Plaintiff's alleged damages, if any, should be apportioned among all parties at  
14 fault, and any non-parties at fault, pursuant to the Uniform Contribution Among Tortfeasors  
15 Act.

16           38. No act or omission of Defendants was malicious, willful, wanton, reckless, or  
17 grossly negligent, and, therefore, any award of punitive damages is barred.

18           39. To the extent the claims asserted in Plaintiff's Complaint are based on a theory  
19 providing for liability without proof of defect and proof of causation, the claims violate  
20 Defendants' rights under the Constitution of the United States and analogous provisions of  
21 the South Dakota Constitution.

22           40. To the extent Plaintiff seeks punitive damages, Defendants specifically  
23 incorporate by reference any and all standards of limitations regarding the determination  
24 and/or enforceability of punitive damages awards that arose in the decisions of *BMW of*  
25 *No. America v. Gore*, 517 U.S. 559 (1996); *Cooper Industries, Inc. v. Leatherman Tool*  
26 *Group, Inc.*, 532 U.S. 424 (2001); *State Farm Mut. Auto Ins. Co. v. Campbell*, 123 S. Ct.  
27 1513 (2003); and *Exxon Shipping Co. v. Baker*, No. 07-219, 2008 U.S. LEXIS 5263 (U.S.  
28

June 25, 2008) and their progeny as well as other similar cases under both federal and state law.

41. Any of Plaintiff's claims for punitive or exemplary damages violate, and are therefore barred by, the Fourth, Fifth, Sixth, Eighth and Fourteenth Amendments to the Constitution of the United States of America, and similar provisions of the South Dakota Constitution, on grounds including the following:

- (a) it is a violation of the Due Process and Equal Protection Clauses of the Fourteenth Amendment of the United States Constitution to impose punitive damages, which are penal in nature, against a civil defendant upon the plaintiffs satisfying a burden of proof which is less than the "beyond a reasonable doubt" burden of proof required in criminal cases;
- (b) the procedures pursuant to which punitive damages are awarded may result in the award of joint and several judgments against multiple defendants for different alleged acts of wrongdoing, which infringes upon the Due Process and Equal Protection Clauses of the Fourteenth Amendment of the United States Constitution;
- (c) the procedures to which punitive damages are awarded fail to provide a reasonable limit on the amount of the award against Defendants, which thereby violates the Due Process Clause of the Fourteenth Amendment of the United States Constitution;
- (d) the procedures pursuant to which punitive damages are awarded fail to provide specific standards for the amount of the award of punitive damages which thereby violates the Due Process Clause of the Fourteenth Amendment of the United States Constitution;
- (e) the procedures pursuant to which punitive damages are awarded result in the imposition of different penalties for the same or similar acts, and thus violate

the Equal Protection Clause of the Fourteenth Amendment of the United States Constitution;

(f) the procedures pursuant to which punitive damages are awarded permit the imposition of punitive damages in excess of the maximum criminal fine for the same or similar conduct, which thereby infringes upon the Due Process Clause of the Fifth and Fourteenth Amendments and the Equal Protection Clause of the Fourteenth Amendment of the United States Constitution;

(g) the procedures pursuant to which punitive damages are awarded permit the imposition of excessive fines in violation of the Eighth Amendment of the United States Constitution;

(h) the award of punitive damages to the plaintiff in this action would constitute a deprivation of property without due process of law; and

(i) the procedures pursuant to which punitive damages are awarded permit the imposition of an excessive fine and penalty.

42. Defendants expressly reserve the right to raise as an affirmative defense that Plaintiff has failed to join all parties necessary for a just adjudication of this action, should discovery reveal the existence of facts to support such defense.

43. Defendants reserve the right to raise such other affirmative defenses as may be available or apparent during discovery or as may be raised or asserted by other defendants in this case. Defendants have not knowingly or intentionally waived any applicable affirmative defense. If it appears that any affirmative defense is or may be applicable after Defendants have had the opportunity to conduct reasonable discovery in this matter, Defendants will assert such affirmative defense in accordance with the Federal Rules of Civil Procedure.
